CORNWELL-NORTON
furnishing fabrics

Each year Cornwell-Norton take great care in selecting exciting new additions to their distinctive range of high quality fabrics. This is done to keep abreast of the latest trends in interior design, and ensure that C/N furniture looks right in even the most modern interiors.

This year we introduce, to add to the already popular Belmont range, new vibrant colours designed to appeal to those who want their furniture to have a touch of individuality.

Various tests are carried out on all our fabrics, including tests for resistance to abrasion and colour fastness. They are only used if they pass all tests to the high Cornwell-Norton standards.

Your local quality furniture shop will be pleased to show you their selection of Cornwell-Norton models, and we also invite you to inspect these at our own showrooms.
