Factsheet 5: Using ClaroRead Plus to support reading.

ClaroRead Plus

ClaroRead Plus is a standalone software tool that provides a range of features which can be incorporated into your study skills strategies.

• The ClaroRead Plus toolbar.

Play and stop reading (red arrow).

• Reading Word documents aloud is as easy as clicking on the 'Play' button.

• ClaroRead Plus will read webpages and PDF documents too. Note: You must first select the text you want to have read aloud.

Get Tech Ready...Get Tech GO!

Convert inaccessible text using the 'Scan' tool.

Some documents may be inaccessible to text to speech tools - e.g. PDF image files or photos of text taken with a phone camera. If you cannot read a document aloud using text to speech tools you may need to convert it first.

- Open the 'Scan' menu from the ClaroRead Plus tool bar.
- Select 'Scan from PDF/File' and locate your document (red arrow).
- Follow onscreen instructions, then send your document to Microsoft Word or save your file to a suitable location (e.g. a coursework folder on your hard drive).

Changing ClaroRead Plus settings.

You can customise ClaroRead Plus to suit your preferences using the 'Settings' icon on the main ClaroRead toolbar.

- Using the 'Speech' tab it is possible to change the voice and speed of reading aloud (red arrow).
- Click the 'Test' button to hear how the changes you make affect speech (green arrow).
- Use the 'Pronounce' tool to ensure course specific terms / words are pronounced correctly (yellow arrow).
